

Students May Enroll To Take This Program Online Or Residentially

The objective of the Bachelor of Science in Business Administration degree program is to provide students with the knowledge, technical skills and work habits required for entry-level positions in business and to give them opportunities for career advancement. This program provides a balance of specialized education and credentials for career placement and advancement with effective communication, teamwork and critical thinking skills. Graduates may seek careers in private, public and government sectors, in areas of management, marketing and finance.

The goal of this program is to prepare graduates who are able to:

1. Prepare and present a finance plan
2. Write and present a marketing plan
3. Create a job analysis
4. Explain workplace compliance regulations
5. Create a SWOT (Strengths, Weaknesses, Opportunities and Threats) analysis
6. Develop strategies to make ethical decisions in business
7. Demonstrate appropriate written and verbal communication skills
8. Evaluate the quality of multiple viewpoints, arguments, and evidence and distinguish between fact and opinion
9. Exhibit social responsibility and examine the diverse cultures and value systems of our global community
