

Librarian's Tips for Researching Anatomy and Physiology

Your gateway to great resources: The Library -

<http://www.globeeducationnetwork.com/library/>

Databases – fast, accurate, information from any internet connected computer!

To login: use the same username and password that you use for email.

- **Health Reference Center** →
- **Gale's Health Reference Center Academic**
- **Interactive Functional Anatomy**
- *Gale's Science Resource Center*
 - Search "anatomy"
- *Encyclopedia Britannica online*
- *EBSCO's AltHealth Watch*

Databases provide
scholarly/academic level
articles for free!
(free to you – the library pays)

E-Books and Books at GU/MSB campus libraries

Look in the **Online Catalog** for books and e-books. Here are some examples:

Disease:

- | | |
|--|-----------------|
| • <i>Whose Disease? : Eponymous Pathology</i> | E-Book |
| • <i>Multiple Sclerosis: the History of a Disease</i> | E-Book |
| • <i>The Atlas of Heart Disease and Stroke</i> | E-Book |
| • <i>Genetics and Society: a Sociology of Disease</i> | E-Book |
| • <i>Human Diseases:</i> | REF 616 JON |
| • <i>The American Medical Association family medical guide</i> | REF 616 AMA |
| • <i>Professional guide to diseases</i> | REF 616 LIP |
| • <i>Current medical diagnosis & treatment 2005</i> | REF 616.075 TIE |

Anatomy and Physiology:

- | | |
|---|---------------|
| • <i>Clinical Kinesiology and Anatomy</i> | E-book |
| • <i>Color atlas of anatomy 2006</i> | REF 611 ROH |

Encyclopedias and Dictionaries:

- **Health Reference Center database has encyclopedic info and a health dictionary.**
- *American Medical Association Complete Medical Encyclopedia* REF 610.3 AMA
- *Dorland's Illustrated Medical Dictionary* REF 610.3 DOR
- *Mosby's Medical, Nursing, & Allied Health Dictionary* REF 610.3 MOS

Websites

- **Gray's Anatomy**
<http://www.bartleby.com/107/>
This is an e-book of Gray's Anatomy of the Human Body contains over 1,200 illustrations and a subject index with over 10,000 entries.
- **Instant Anatomy**
<http://www.instantanatomy.net/>
Diagrams are neatly organized into five areas of the body.
- **Human Anatomy Online**
<http://www.innerbody.com/>
Has a human anatomy pictorial of 10 systems, and 5 systems include in-depth information.

- **Karolinska Institutet - Diseases, Disorders and Related Topics**

<http://www.mic.ki.se/Diseases/>

A selected list of resources from the Library of the Karolinska Institute in Sweden. *Browse an alphabetical list*, or search for links or pages containing the term.

- **MedlinePlus**

<http://medlineplus.gov/>

Information is evaluated by medical librarians at the National Library of Medicine.

- **PubMed**

<http://www.ncbi.nlm.nih.gov/PubMed/>

Search by term, author, or journal title; see also Preview/Index for detailed searching instructions.

PubMed contains scholarly articles for free!

- **Healthfinder.gov**

<http://www.healthfinder.gov/library/>

Click on the “diseases” link either by topic or the special resources.

- **National Institute of Health**

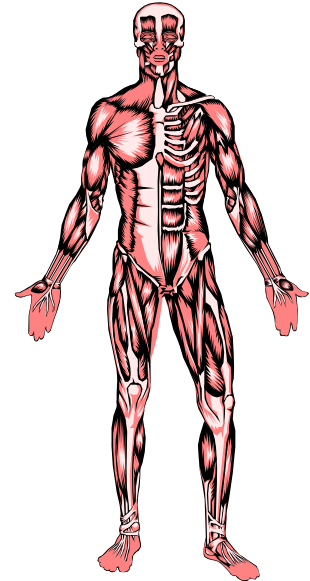

<http://www.nih.gov/>

- **Medical Images**

www.mic.ki.se/Medimages.html

<http://www.dhpc.adelaide.edu.au/projects/vishuman2/>

Remember to give full credit for the images!

Remember to **evaluate** your website sources!

Is this info valuable?

- Who’s writing it and why?
- Can you trust it?
- How does this information compare to other sources on the same topic?

Help!
